D. B. LACY DEAD.

Mr. D. B. Lacy, head of the contracting firm of D. B. Lacy & Sons, died at his home in Anniston, Ala. Wednesday morning, after a short illness. The firm of which he was the head, had the excavating and construction work on the new South Paris yards of the L. & N., and also had large contracts for lowering the grade of that road between Paris and Winchester. Upon receipt of the telegram apprising him of his father's death, Mr. Howard Lacy, who was in charge of the firm's affairs at Winchester, left at once for Anniston. Mr. Lacy was one of the best known men in his line in the South and enjoyed a wide acquaintance in railroad circles.

WM. JAMES HAS NARROW ESCAPE FROM ELECTROCUTION.

Coming in contact with an electric light wire charged with 2,300 volts, almost caused the death of William James an electrician in the employ of the Paris Gas & Electric Co. The accident occurred yesterday afternoon about four o'clock at the fair grounds where he had been called to remove a wire that had become crossed with the lead wires.

James ascended a 30-foot pole to remove the wire and when he came in contact with it he was held suspended from the pole until the current was cut off, when he fell to the ground. Bystanders rushed to his assistance and every effort was made to resuscitate him until the arrival of Dr. Frank Fithian, who was on the grounds. Timely attention saved his life and he was removed to his home in the automobile of Mr. T. F. Brannon.

James suffered a number of severe burns and was badly injured about the back as a result of the fall. He has not fully recovered from the effects of the shock, but is not thought to be in any immediate danger.

HENRY RECOVERING FROM SERIOUS INJURY.

Mr. Estie Henry, whose skull was fractured in an accident which occurred at Berry about two weeks ago and who has since been confined to the Massie Memorial Hospital, where a trepan operation was performed has recovered sufficiently to be removed to his home on South Main street.

Mr. Henry, who was employed by the L. & N. railroad was injured when a large cable used in unloading ballast from the cars, broke, striking him in the breast, knocking him down and his head striking a rail fractured his skull at the base.

For a time his life was despaired of and his physicians declared he had one chance in a thousand to recover from the injury.

FORMER "COLUMBIA" SINGER MAKES BIG HIT.

The Cincinnati Enquirer has this to say of a former Paris favorite, Miss Florence Talbott, who made a big hit here some time ago at the Columbia and Alamo houses:

"Manager L. M. Martin has engaged Miss Florence Talbott, daughter of George Talbott, scenic artist, for a special engagement of four weeks at the Chester Park Cabaret. Miss Talbott only returned to Cincinnati Sunday from Chicago, where, according to reports, she was the biggest hit of the summer in the cabarets. A little touch of homesickness caused her to cancel her engagements in the Windy city and return to Cincinnati."

FALL MILLINERY.

I have just arrived home from the East, where I bought the very latest in Fall millinery. It was all shipped by express and has arrived and is ready for inspection. The ready-to-wear hats are exquisite. While attending the Fair take a few minutes off and call in and have a look.

SWIMS 24 MILES IN THIRTEEN HOURS.

A new swimming record was made Tuesday when Sam Richards, of South Boston, Mass., swam to Boston light and back, a total distance of 24 miles, in 13 hours and 9 minutes. This is the first time that the return swim has ever been made. The swim to the light is known as one of the most difficult attempted by swimmers on account of the strong currents encountered. Richards was in good condition when he landed and climbed up the steps at Charleston Bridge unassisted.

DEPARTMENT RESPONDS TO FALSE FIRE ALARM.

The fire department was called out Saturday night about twelve o'clock in response to an alarm from box 33 at the corner of Main and Fifteenth streets. A quick run was made, but when the fire department arrived no blaze could be located. It is presumed some one passing the box sent in the alarm as a joke.

WE'LL WAIT AND SEE!

The Winchester Democrat says: "Coal has taken a run up in price but of course Winchester with natural gas will not suffer as much as other towns. Paris is indeed lucky to secure this great commodity in time for the winter use and thus save many dollars that would go to the coal trust. In Louisville the price jumped 25 cts. on the ton."

PARIS DEFEATS WOOLFOLK TEAM IN FINAL BAME.

The final game of the series of three Sunday afternoon at White Park, the Paris Athletic Club defeated the Woolfolk Coffee Club by a score of two to one. The contest was one of the best seen on the local grounds this season and was featured by the excellent pitching of Curtis for the locals. The visitors started off with a score in the first inning but were unable to get a man over the plate in the rounds following, although they assumed a rather threatening attitude on several occasions, and but for the masterly pitching of Curtis, coupled with excellent fielding they would have won. In the 6th inning with no one out and with a man on second the third Curtis retired the side without allowing the visitors any chance whatever to score. Again in the ninth the first man up hit safely and was followed by a two-bagger. The next went out on flies and the third was retired with an easy grounder to short.

The score follows:
Paris 2 0 0 0 0 0 0 0 x—2 9 3
Woolfolk 1 0 0 0 0 0 0 0—1 6 2
Batteries—Paris, Curtis and Wallen, Lexington, Pindle and Burns.
